INFORMATION DISCLOSURE STATEMENT

Sir:

This is an Information Disclosure Statement filed in accordance with 37 CFR 1.97(b) and 37 CFR 1.98.

Attached is a Form PTO/SB/08 identifying each of the five (5) references cited in the International Search Report issued by the European Patent Office on November 24, 2003 in connection with the above-identified International Application. The relevancy of these five references to the claims of the international application can be seen from the enclosed copy of that Search Report, wherein the references are indicated as being either in Category X or category Y, with the exception of

French reference 2 730 714, which is indicated to be in Category A with regard only to claim 7.

No copy of any of the five identified references cited in the International Search Report is enclosed since copies are presumed to already be in the file due to having been forwarded by the European Patent Office as a result of an existing treaty. However, if no such copies of the references are in the file and a copy of one or both of these references is desired, please request a copy of the desired reference from undersigned counsel and it will be supplied.

Attached Form PTO/SB/08 also identifies two German references, i.e., DE 198 16 736 A1 and DE 40 04 353 A1, that are cited and discussed on page 1 of the present application, and U.S. Patent No. 6,145,917, which was cited in an Office Action issued by the German Patent Office in connection with the counterpart German Application the right of priority of which are claimed for the present application.

Copies of these two above identified German references are attached. However, no copy of the above mentioned U.S. Patent is enclosed since such is not required.

Since all requirements for the filing of Information Disclosure Statements have been complied with, it is requested that the Examiner consider each of the identified references and indicate such consideration by enclosing a properly initialed copy of the enclosed Form PTO/SB/08 with the initial Office Action.

Respectfully submitted,
